SD 36 WOULD LIKE TO SAY THANK YOU TO THESE GENEROUS DONORS…

ASSAI

$158,000 donation enables over 2,000 students from across the district to participate in sport- and art-based programs which aim to help students develop skills that contribute to a healthy life through creative thinking and physical activity. ASSAI's donation also helps support adapted programming for students with cognitive and physical disabilities.

CANADIAN TIRE JUMPSTART CHARITIES

$120,000 donation to the District's Jumpstart Academy Physical Literacy program. The donation allows students across 34 elementary schools participate safely in after school programming where they learn fundamental movement skills and the importance of healthy lifestyles.

CHILDREN'S JOY FOUNDATION

$10,000 was donated to the Surrey Schools Meal Programs. The meal programs play an integral role in ensuring our students are provided with nutritious meals each school day and leaves them feeling ready, able, and motivated to learn.

COAST CAPITAL SAVINGS

$45,000 was generously granted by Coast Capital Savings towards Building Foundations, Refugee Supports and the REACH Pre-Employment programs. REACH focuses on developing employment, life and leadership skills with over 150 students in Surrey between the ages of 15 to 18. All participating students gain essential pre-employment certifications that will help them secure employment, obtain work experience opportunities and develop skills in how to present themselves in an interview, how to build a proper resume, and develop their communication skills.

PARKRIDGE HOMES

$16,000 was generously donated by Park Ridge Homes Inc. to support the breakfast and lunch programs at Bear Creek and Bridgeview elementary schools. This support helps students at both schools access nutritious meals daily.

PCI DEVELOPMENTS

$10,000 has been donated to support the lunch program at Old Yale Road Elementary. The lunch program at Old Yale Road provides satiating mid-day meals that provide the necessary nourishment for our students to participate in the remainder of the school day and into after school activities.

UNITED WAY OF THE LOWER MAINLAND

$75,000 has been granted to Surrey Schools' Community-Schools Partnership department. This funding supports Community-Schools Partnership's ability to coordinate and facilitate improved access to school services for out-of-school time programming within our district. UWLM funding puts children at the centre, and strives to ensure that children feel the Local Love in their school and community.

Change starts here.

MR. VANDEKERKHOVE OF SUPER SAVE DISPOSAL

$100,000 was graciously donated by Mr. William Vandekerkhove, of Super Save Disposal, in support of the Surrey Schools Meal Programs. Each school day, the Surrey Schools Meal Programs strive to feed as many students in need as possible, providing them with complete and nutritious meals. More than 1,500 students receive breakfast across more than 60 school district sites each morning. Approximately 2,100 students receive lunch across 24 elementary schools and ten secondary locations. Thank you Mr. Vandekerkhove, and Super Save Disposal, for your continued compassionate support.

WESTLAND INSURANCE

$50,000 has been generously donated by Westland Insurance to support two schools in Surrey. Betty Huff Elementary and Jessie Lee Elementary will be supported through this generous donation. These funds will be supporting breakfast programming, afterschool programming, in-school technology upgrades, and additional needs at each school.

Westland Insurance Group Ltd.
