From: Jackie Howard, District Principal

Date: September 6, 2022

Subject: Elementary Core Music Funding

We are pleased to once again offer funding for Core Music education in each school. Each elementary school will receive \$180 for your teacher to use in this subject area.

These funds are loaded to each schools' operating budget. They are not loaded to a separate budget for Music. If you have any questions, your finance representative can explain how the funds are loaded and the documentation in BMI.

Principals are asked to share this information with head secretaries and core music teacher. If you have any questions, please contact Jackie Howard.

Thank you.
