

REGULATION #5207.1

CANCELLATION OF CLASSES UNDER EMERGENT CONDITIONS

Classes may have to be cancelled at times for any of several reasons, for example:

- a) Power outage
- b) Failure of heating equipment
- c) Disruption of water services
- d) Inclement weather
- e) Other emergency situations (see [Policy #5208](#) and [Regulation #5208.1 – Critical Incidents](#))

1. EMPLOYEE RESPONSIBILITIES IN CASE OF CANCELLATIONS

It is important to note that when classes are cancelled at the discretion of the superintendent of schools for any of the above reasons, the school is closed for students only and all employees are expected to report for and/or remain at work unless otherwise instructed. Instructions for janitorial staff will come from the Manager, Service Operations. If the workplace is unsafe or unhealthy to work at, the principal or person in charge will contact the assistant superintendent, who will consult with the superintendent of schools. The superintendent of schools may close the school and relocate or send the employees home as appropriate. If the school remains closed the following day, a plan will be developed with district offices to address the problem.

Transportation Failure – Canadian Union of Public Employee, Article 8 Conditions of Employment – (8.26 Transportation Failure)

“It is the responsibility of all employees to make every effort to report for work. Where an employee is unable to report to work due to the failure of public transportation systems or general road closures, a leave without loss of pay will be provided for up to one (1) day of regularly scheduled hours. In order to qualify for such leave an employee must report for work as soon as circumstances permit and the employee will provide a written explanation detailing the cause of the absence.”

2. PRIOR NOTICE TO BE SENT HOME – ALL SCHOOLS
