Program continuity will be assured, numbers permitting, for all students who begin French Immersion instruction.
- 1.5. Schools should encourage interaction between French Immersion and English students in school-based activities so that both benefit from cultural activities related to the program and learning. Late Immersion classes will be organized so that students are not normally required to change schools between Grades 6 and 7.

Support and Special Education services will be organized and delivered in accordance with guidelines set by the Ministry of Education and the collective agreements in effect between employees and the district. - 2.2. French Immersion programs are K-12 and 6-12 in nature.

For transfer students, placement in appropriate courses will be made by the principal in the best interest of the student.

### 4. ATTENDANCE AREAS

4.1 Attendance areas will be established on a regional basis.

4.2 As per [Regulation #9320.1](#), Part H: Registration and Wait List Regulations for District Programs.

a) Registration

- Registration procedures and open registration dates for each district program are published by the district in the local newspapers in January for the following September.
- Sibling registrations take place in December prior to the open registration date for initial entrance into the program. After the open registration date, siblings no longer receive preference. (A sibling is defined as one of two or more individuals having one common parent, or for whom parents have legal guardianship.) In order to receive preference, siblings must be attending the same school at the time of registration.
- Where, in a dual track situation, one child is in the district program, other siblings not in the district program may register in the regular program of the school based on space availability and the capacity of the school to respond to that student's unique learning needs.

b) Waiting Lists

- The process for waiting lists will not commence before the 1<sup>st</sup> of January preceding the start of the school year.
- Parents of children who are on a waiting list for Kindergarten for the current school year have until February 28<sup>th</sup> of the Kindergarten year to notify the school that they wish to be placed on a waiting list for Grade 1 Immersion.
- On March 1st a new Grade 1 Immersion waiting list is created. Children who were previously wait listed and whose parents contacted the school to continue with placement receive priority over applications received later.

## **REGULATION #8450.1 FRENCH IMMERSION PROGRAMMING**

---

- Schools are required to inform parents of the opportunity to stay on the waiting list. However, in consideration of language acquisition challenges and student learning needs entry into Grade 1 Immersion is closed after the issuing of the first term report card.

c) De-Registration

- Once a student transfers out of the program, parents must re-apply for re-entry at a later date.
- See also Part F of [Regulation #9320.1](#).

4.3. Requests for transfer from one school to another depend on space availability at the schools involved.
