

## ANDIE'S INSPIRATION

The School Lunch Program was designed by our Lead Nutritionist, Andie. Using our classic Freshii menu as a starting point, Andie made sure that every bowl, wrap and salad was flavourful and exciting, but also packed with nutrients. Which is exactly what growing bodies and minds need, now more than ever. Say goodbye to lunchbag letdowns and hello to crave-worthy fuel.

LUNCH  
*program*

# LET'S START WITH 3 EASY STEPS

## STEP#1

### Freshii virtually connects with your school

The Freshii team will virtually visit your school to discuss your needs, provide healthy menu samples and answer any questions you might have. From there, we'll together develop a program that works best. You tell us!

## STEP#2

### Freshii organizes the ordering process

Once the program is in place, the Freshii team will ensure ordering is seamless and easy for all parents. PACs can use our ordering form for students and parents. Please provide our Freshii team with a total of the student orders one week in advance of the delivery date.

## STEP#3

### Freshii handles the rest

We'll take it from here. The Freshii team will ensure that all meals are correctly prepared and arrive organized and on-time. Students will receive their orders quickly – we know that lunch hour is precious!

## WHY FRESHII?

- We're passionate about nutrition and on a mission to make healthy food convenient and affordable – especially for the next generation of eaters. By offering meals that are packed with the good stuff (and leave out the rest), we're building healthy habits at a young age.
- But hold up – our menu is just as flavourful and diverse as it is nutrient-dense. There is no iceberg lettuce or plain broccoli in sight, which means kids will enjoy every bite (but don't get us wrong, we don't discriminate against veggies).
- Speaking of our menu, we accommodate all dietary requirements. Gluten-free, dairy-free, vegetarian—we've got you covered.
- Our team is flexible and accommodating. We promise we'll take the stress out of school lunch planning. Eating well shouldn't be stressful!
