

SOUTH SURREY/WHITE ROCK LEARNING CENTRE
School District #36 (Surrey)
GENERAL TRANSPORTATION PERMISSION FORM
2021 – 2022

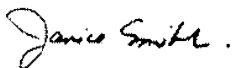

Dear Parent/Guardian:

Given the nature of our programs at South Surrey/White Rock Learning Centre, students are often required to make trips to local resource locations as part of their independent research or as part of an activity requirement in a course. Your permission, in advance, for your child to leave the school campus and participate in these activities would be greatly appreciated.

These trips can take the form of independent visits or group field trips to sites for P.E., Career Education, Student Leadership, or curriculum related studies as examples. P.E. trips may include the students going in a group with a staff sponsor to the local Church. Students that are in our Career Program may need to be transported by a staff sponsor to special career events such as the Education and Career Fair or District Career Program site visits and interviews. At other times a student may have an individual activity to attend whereby the Youth Care Worker, Aboriginal Worker, Inner City Secondary Support Worker or a teacher may provide the transportation. There are a variety of reasons for trips and activities. Generally, when a student is undertaking an independent activity, they will be expected to take care of their own transportation. For some group activities, students may be walking. For most group activities, however, the school will provide transportation. A staff member may be driving students with their own vehicle or with a rented van or the school may have made arrangements through a licensed carrier.

We would like your permission for your child to participate in these activities. By signing the permission form below, it will indicate that we have your approval for such events to take place. Field trips offered during the year will also have a specific permission form with more details about the trip sent home for your signature. Thank you for your assistance.

Sincerely,

Janice Smith,
Principal
