Students bringing their own games/balls to school:

Lately we have had a lot of students bringing toys and balls to school. We would like to strongly encourage all families to keep their personal toys and balls AT HOME. When students have their own ball, they often feel they are in charge of it and in charge of the games and rules. We want to encourage all students to include others. Also, there is a possibility of balls and toys going missing and/or getting kicked over the fence. We are unable to get these pieces of property back. We do have a variety of balls for students to use at recess and lunch. We restrict the number of balls that are out there as too many balls becomes a safety hazard. We absolutely want children to be active and running around and playing soccer is a great activity but we also need to keep student safety first and foremost in our minds. Thank you for your attention to this and for leaving your personal toys and balls at home.

### **School Supplies:**

This year we are offering parents the option of ordering school supplies through School Start Canada. The lists will be on our website ([www.surreyschools.ca/clayton](http://www.surreyschools.ca/clayton)) soon but we would like to encourage you to shop online at [www.schoolstart.ca](http://www.schoolstart.ca) and follow the instructions. You may order at any time up until Oct. 1 without late fees. If you would like to pay by cash or cheque instead, please print out the form from our website and have it to the office by June 15<sup>th</sup>. This is an optional program and students may still purchase their own supplies where they wish.
