After School playground issues:

We need your help parents and caregivers! I have been trying my best to get out on the playground after school. I have been noticing many children playing quite rough (hands on, wrestling, pulling each other off the play structure, throwing wood chips) out there. At recess and lunch, we do not allow any of these behaviours and when we see them or they are brought to our attention, we attempt to address them. After school, we dismiss our students back to your care. We are asking that you also help your children to

follow the school rules and not allow them to be hands on with other students, even if the students are good friends, cousins, or siblings. We want all our students to feel safe and play safe. The supervisor on the playground after school has a challenging job and is really out there as a go to for students who do not yet have a parent or caregiver. Please help us keep all the students safe. We truly appreciate this community we are building and growing together. Thank-you!

Oct 25 Student Led Conferences:

Information regarding these conferences should have come home already or will on Monday. Early dismissal on that day is at 1:25 and this time will be given for your child to show you their classroom and their learning so far either in the classroom directly or through a tour of their FreshGrade.
