

Discover Canada's Largest Port

Visit the Discovery Centre at Canada Place and experience our fun and interactive 90 minute education program for grades 4-6. Learn what happens at the port and how it connects to your everyday life. Best of all, it's **FREE!**

The Vancouver Fraser Port Authority's school program helps students build awareness about the port, the role it plays, and how it connects to their everyday life. The program offers a memorable, interactive and fun learning and field trip experience.

Students learn about Canada's largest and most diversified port through activities such as:

- **Map puzzle** – How large is our port? Students assemble a map puzzle of Canada's largest port, and explore familiar landmarks, alongside new ones, in relation to your school.
- **Connecting your port city trivia challenge** – Students answer questions and test their knowledge of the port on touch-screen benches.
- **Cargo relay** – Students work together as terminal operators and try their hand at loading various cargo types in this 'get up and go' activity.
- **Enviro quiz** – Students discover what makes the Port of Vancouver a sustainable port, while thinking critically about their own environmental stewardship during this fun, object-based guessing game.
- **Import story** – Students learn how far oranges travel, and how many jobs are connected with our port, while wearing costumes and reading scripts in the 'journey of an orange'.
- **Scavenger hunt** – Students learn more about the port as they search for answers on our interactive touch screen benches.

See what teachers have been saying about our program:

"I was impressed with the quality of hands-on materials and fun, interactive activities. I have already recommended the program to colleagues."

"The program was well run and well-paced. The students enjoyed the program and everyone (including myself and the parent volunteers) learned a lot about the port and the activities that happen there. I look forward to taking future classes to this program."
