GANGS

SURREY SCHOOLS PRESENTATION

In partnership with the Surrey RCMP and the Combined Forces Special Enforcement Unit of British Columbia.

Shattering the Image aims to educate and engage youth at all levels of risk throughout the City of Surrey with a presentation that chronicles the experiences of officers from the Surrey RCMP's Gang Enforcement Team and a former gang member who grew up in the area and is now a staff member with the Surrey School District's Wrap program.

The presentation is fluid and constantly changes as the real life experiences of the officers and the Wrap member evolve.

Topics include:

- a detailed explanation of the workings of the street level drug trade.
- how gangs recruit and the presence of gangs on social media.
