Message from the Admin

As we continue our quest to minimize COVID exposures, we are asking parents to consider what is happening before school starts in the morning. *If possible*, please have your child come to school no more than 15 minutes before the bell. That is, of course, when supervision begins. In the morning, please encourage your child to either stay in the area where they will be waiting for the classroom teacher or play with students who are only in their cohort. We recognize the challenges that some of that will present, so all we are asking is for you to do what you can to help. In the same vein, we are reminding parents/guardians to please stay socially distant and wear masks whenever you are doing a pick-up or drop-off. Thank you for helping!

We received word from the District that schools are not to use portable fans in the building. This will cause discomfort on particularly hot days, but this protocol was established to decrease the chance of spreading droplets. On hot days, please ensure your child brings a water bottle with ice.

Thank you to **Mme L. Bannister** and the kindergarten team for putting together our Welcome to K virtual presentation. As we cannot have visitors in our school, we will be sending out links to our incoming kindergarten families on Wednesday; our Welcome to K Day.

For our grade 7 parents, please know that our teaching team is exploring ideas for a year end ceremony. It will unfortunately not include parents in the building (for obvious reasons), but we still want to make it special. More information will be forthcoming from the teachers.

Remember that our next Spirit Day is tomorrow: Western Day. As Monday is a holiday, we would like to wish all of our families a wonderful long weekend!

Mr. B. Samra and Mme S. Christmas
(Principal) (Acting Vice-Principal)

Online survey to review and evaluate the Surrey School District Pandemic Communications

The District wants to hear from you! Our district is conducting an online survey for parents/guardians to review and evaluate our district's pandemic communications to date, with a goal of identifying opportunities for improvement to reach our target audiences more effectively. This survey will take approximately 5-10 minutes of your time and is available in multiple languages. The survey closes on **Monday, May 31** and can be accessed through this link: <https://survey.givingopinions.ca/c221rp>

Div. 30 - Has had a great time creating ramps to go with our learning on how objects move.

Division 14
Art Work

Cherry Blossoms

Fraction
Sundaes

Tarantulas!
