February 28, 2023

6:30 p.m. – 8:30 p.m.

The evening will offer an opportunity to meet Student Support staff, gain an overview of the transition to Kindergarten, ask questions, and hear about the ways Student Support works with schools to support the learning and development of children. Families will have the opportunity to connect with various community partners and learn about the services they provide to families and children.

The evening will also include break out rooms to hear from and connect with staff who provide specialized supports including those for children who are deafblind, have hearing or vision differences, who require occupational therapy, physiotherapy, or nursing support services, or for children who have autism (including ABA home programs).
